Part A: Pupil Premium Strategy Plan

Statement of intent

At Springwood, our core values are:

- Staying Safe
- Treating Each Other as you Wish to be Treated
- Trying Your Best and Being Proud

Therefore, we aim to develop responsible, self-regulated and self-motivated children.

Children in Springwood rapidly develop a love of learning and are aspirational. Therefore, our aim is to use the pupil premium funding to ensure that all disadvantaged children progressively acquire the broad range of knowledge and skills required to enable them to problem-solve and satisfy enquiries they have about the world in which they live. Thus sustaining positive outcomes.

Although Springwood's strategy is focussed on the needs of disadvantaged children, it will benefit all pupils in our school where funding is spent on whole school approaches. These approaches include:

- Quality Teaching First
- Differentiation and variation according to individual's needs to ensure there is improved progress alongside their peers
- Opportunities that enable off track/not making expected progress children to close gaps in skills and understanding.
- Teachers reshaping learning in the moment so children are enabled to secure skills and make rapid progress.
- The use of Quality Text Drivers for the stimulus for the vast majority of learning journeys for reading and writing
- Long term Curriculum Map and home learning (equipping children with the knowledge and cultural capital they need to succeed in life)
- Embedded use of the Reading for Comprehension Toolkits (also used to support the reading part of the writing learning journey)
- Specific teaching of vocabulary across all subjects (red, amber and green)
- Home learning policy
- Access to books to support the wider curriculum
- Working walls to share the learning journeys and to capture key learning across subjects
- Laptops assigned to families who need support.

This strategy is integral to the School Improvement Plan.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	<p>Outcomes</p> <p>Many of our Pupil Premium Children have dual characteristics (e.g. are on the SEND register), so the wider context must be considered.</p> <p>Post Covid has shown a marked increase in the numbers of pupils requiring significant additional support. We need to continue to build capacity in our school to meet the needs of disadvantaged children, ensuring all make good progress from their starting points.</p> <p>Teachers need to consistently support pupils to develop independent skills and precision so that children make rapid progress.</p>
2	<p>Attendance</p> <p>Our attendance data over the last year indicates that attendance among disadvantaged pupils has been between 92.6-93.3%. However, this does include children with reduced timetables. The overall figure for disadvantaged pupils for 2023-24 was 93.3% with reduced timetables, 94.7% without reduced timetables. Therefore, our target was met for 2023-24 which was 94%. Non disadvantaged attendance was 96.3% (note there are no reduced timetables).</p> <p>Our assessments and observations indicate that absenteeism is negatively impacting on disadvantaged pupils' progress, whether it is social and emotional and/or academic.</p>
3	<p>Empowering parents and carers to support the child's emotional wellbeing within the home and school</p> <p>At Springwood, we recognise that parents looking after their family's wellbeing is very important. Families all need some help from time to time due to life changes or events.</p>
4	<p>Cultural Capital</p> <p>Through observations and conversations with pupils and their families, we find that disadvantaged pupils generally have fewer opportunities to develop cultural capital outside of school.</p> <p>Junior Summer 2024 pupil surveys evidenced that the children take part in school activities outside of lessons, like clubs, supports, music and art sometimes 15%, not very often 18% and never 24%.</p>

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
<p>1. Outcomes</p> <p>Meeting the Needs of all our Pupils</p> <p>To improve attainment in reading, writing, mathematics and the wider curriculum so that outcomes for Non SEND pupils at least meet the National Average at ARE and Greater Depth</p> <p>Aspirational target over time will be for 100% of Non-SEND pupils to meet ARE.</p> <p>We believe this will be a three year journey and we are commencing on our second year.</p> <p>To improve attainment in reading, writing, mathematics and the wider curriculum so that outcomes for targeted SEND pupils meet Age Related Expectations</p> <p>Children with Cognition and Learning as their Primary Need, at least one year's progress is made in every strand.</p> <p>Aspirational expectations are in place for children with EHCPs. Outcomes, provision and short-term targets are understood by adults in the year team, utilised in planning and progress tracked.</p>	<p>By the end of Year 3: In Reading, 94% (31/33) of pupils to meet ARE In Writing, 91% (31/34) of pupils to meet ARE In Maths, 94% (32/34) of pupils to meet ARE</p> <p>By the end of Year 4: In Reading, 94% (30/32) of pupils to meet ARE In Writing, 94% (30/32) of pupils to meet ARE In Maths, 94% (30/32) of pupils to meet ARE</p> <p>By the end of Year 5: In Reading, 97% (30/31) of pupils to meet ARE In Writing, 87% (27/31) of pupils to meet ARE In Maths, 94% (29/31) of pupils to meet ARE</p> <p>By the end of Year 6: In Reading, 94% (32/34) of pupils to meet ARE In Writing, 94% (32/34) of pupils to meet ARE In Maths, 97% (33/34) of pupils to meet ARE</p> <p>By the end of Year 3: In Reading, 23% (5/22) of pupils to meet ARE In Writing, 23% (5/22) of pupils to meet ARE In Maths, 27% (6/22) of pupils to meet ARE</p> <p>By the end of Year 4: In Reading, 14% (4/29) of pupils to meet ARE In Writing, 14% (4/29) of pupils to meet ARE In Maths, 28% (8/29) of pupils to meet ARE</p> <p>By the end of Year 5: In Reading, 24% (5/21) of pupils to meet</p>

<p>We believe this will be a three-year journey and we are commencing on our second year.</p>	<p>ARE In Writing, 24% (5/21) of pupils to meet ARE In Maths, 29% (6/21) of pupils to meet ARE</p> <p>By the end of Year 6: In Reading, 33% (6/18) of pupils to meet ARE In Writing, 33% (6/18) of pupils to meet ARE In Maths, 33% (6/18) of pupils to meet ARE</p>
<p>2. Attendance Attendance meets national expectations for PP pupils, particularly in light of current National challenges</p>	<p><i>Disadvantaged children's attendance is 95%+ by the end of 2024-25 and sustained from 2025-26.</i> <i>Therefore steps to success:</i> <i>95%+ by 2024-25</i> <i>95%+ sustained from 2025-26</i> <i>(note 2022-23's target was 93% which was achieved, 2023-24's was 94% which was achieved).</i></p> <p><i>In cases where attendance is below the national average (or target for the academic year), the school can evidence gains for those children.</i></p> <p><i>Note -The Attendance Action Plan details specific actions and further Success Criteria</i></p>
<p>3. Empowering parents and carers to support the child's emotional wellbeing within the home and school</p>	<p>- 'Back to Basics' principals beginning to be applied by parents, e.g. * Healthy Eating * Sleep * Exercise * Good routines * Look after yourselves and your child's wellbeing - Behavioural incidents reduce for disadvantaged pupils</p>
<p>4. Cultural Capital Disadvantaged pupils are given more opportunities to attend school trips and residential.</p> <p>Provide three additional clubs (run by staff members) for at least six weeks and ensure the is fair representation of PP families and children with SEND: School Clubs - Environmental</p>	<p>- Whole school curriculum identifies experiences for children - PP funding supports families to access wider experiences - Pupil conferencing evidences opportunities given - Pupil Questionnaire in Summer 2025 evidences an improvement from responses from Summer 2024.</p>

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2022-2023 academic year.

Outcomes:

Attainment in reading, writing, mathematics and the wider curriculum at least meet the National Average at ARE and Greater Depth.

All children make strong progress from their individual starting points.

Behavioural incidents decrease for disadvantaged children

Behavioural incidents captured as a whole federation (juniors):

Autumn Incidents – 283

Spring Incidents - 194

Summer Incidents – 204

The low level incidents have significantly reduced from the Autumn Term. This tells us that the right children have IBMPS and we understand that 'Behaviour is a Communication of Need'. What this does not show, is the amount of support some of our children need and how their personalised provision is tracked.

Disadvantaged pupils are given more opportunities to attend school trips, residential and after school clubs

Whole school curriculum identifies experiences for children

[Springwood's Curriculum | Springwood Infant School \(springwoodfederation.co.uk\)](http://springwoodfederation.co.uk)

PP funding has supported families to access wider experiences, such as the historic dockyard, Mary Rose Museum.

Service pupil premium funding (optional)

For schools that receive this funding, you may wish to provide the following information:

Measure	Details
How did you spend your service pupil premium allocation last academic year?	Pupils from service families are approximately 4%. They are captured in the above analysis. However needs are assessed on a case by case basis. Note that Service Pupils are growing across the Federation. The funding and provision will be developed on the Pupil Premium Action Plan. Please book an appointment with Mrs Jo Livingstone if you wish to discuss this further.
What was the impact of that spending on service pupil premium eligible pupils?
