### **Policy Statement**

Springwood Infant and Junior School (Federation) will undertake to ensure compliance with the relevant legislation with regard to the provision of first aid for all employees and to ensure best practice by extending the arrangements as far as is reasonably practicable to children and others who may also be affected by our activities.

Responsibility for first aid at Springwood Infant and Junior School Federation is held by the Headteachers who are the responsible managers.

All first aid provision is arranged and managed in accordance with Schools Health and Safety First Aid Guidance – Schools (September 2015 Version 1)

All staff have a statutory obligation to follow and co-operate with the requirements of this policy.

### **Aims & Objectives**

Our first aid policy requirements will be achieved by:

- Carrying out a First Aid Needs Assessment to determine the first aid provision requirements for our premises
  - It is our policy to ensure that the First Aid Needs Assessment will be reviewed periodically or following any significant changes that may affect first aid provision
  - The Children's Services First Aid Needs Assessment Form (CSAF-002) will be used to produce the First Aid Needs Assessment for our site
- Ensuring that there are a sufficient number of trained first aid staff on duty and available for the numbers and risks on the premises in accordance with the First Aid Needs Assessment
- Ensuring that there are suitable and sufficient facilities and equipment available to administer first aid in accordance with the First Aid Needs Assessment
- Ensuring the above provisions are clear and shared with all who may require them

**First Aid Training**

The Headteacher will ensure that appropriate numbers of appointed persons, school first aid trained staff, emergency first aiders, qualified first aiders and paediatric first aid trained staff are nominated, as identified by completion of the First Aid Needs Assessment, and that they are adequately trained to meet their statutory duties.

**Appointer Person / School First Aid / Paediatric Trained Staff**

At Springwood Federation there are four appointed persons / school first aid trained staff who are as follows with expiry dates:

- Kim Simmons - First Aid at Work (27.2.27)
- Kelly Race - First Aid at Work (1.12.26) and Paediatric First Aid (18.6.26)
- Suzanne Richardson – Paediatric First Aid (16.9.26)
- Jo Parker – Paediatric – Paediatric First Aid (18.6.26)

They will be responsible for administering first aid, in accordance with their training, to those that become injured or fall ill whilst at work or on the premises. There may also be other duties and responsibilities which are identified and delegated to the first aider (eg. first aid kit inspections).

These staff are in place to meet the Early Years Foundation Stage (EYFS) statutory obligations for provision of first aid to those children aged 5 years old or younger.

**Emergency First Aiders** *(Those completing the HSE approved 1-day emergency first aid course)*

At Springwood Federation there are 17 emergency first aiders who are as follows (Training expires September 2026). New staff will be provided training as appropriate:

### First Aid Provision

Our First Aid Needs Assessment has identified the following first aid kit requirements:

- The number of kits supplied are within the guidance of first aid risk assessment requirements.
  - These first aid kits will be situated at Medical Rooms based at the Infant and Junior School and additional medical kits are situated in each of the infant school classrooms
- The travel first aid kits are supplied within the guidance of first aid risk assessment requirements.
  - These travel first aid kits will be located in Medical Room Infant and Junior School

It is the responsibility of the emergency/qualified first aiders/appointed persons to check the contents of all first aid kits every term and record findings on the Children's Services First Aid Kit Checklist (CSAF-003). Completed checklists are to be stored in the medical rooms.

The contents of first aid kits are listed under the '*required quantity*' column on the checklist itself.

The Medical Room is designated as the first aid room for treatment, sickness and the administering of first aid. The first aid room will have the following facilities:

- Running water, wash facilities, first aid kits, mediwipes, vomit bowls, chairs)

### Emergency Arrangements

Upon being summoned in the event of an accident, the first aider/appointed person is to take charge of the first aid administration/emergency treatment commensurate with their training. Following their assessment of the injured person, they are to administer appropriate first aid and make a balanced judgement as to whether there is a requirement to call an ambulance.

The first aider/appointed person is to always call an ambulance on the following occasions:

- In the event of a serious injury
- In the event of any significant head injury
- In the event of a period of unconsciousness
- Whenever there is the possibility of a fracture or where this is suspected
- Whenever the first aider is unsure of the severity of the injuries

## CHILDREN'S SERVICES HEALTH & SAFETY

- Whenever the first aider is unsure of the correct treatment
- Specific medical condition that indicated that further medical treatment was required

In the event of an accident involving a child, where appropriate, it is our policy to always notify parents of their child's accident if it:

- is considered to be a serious (or more than minor) injury
- requires first aid treatment
- requires attendance at hospital
- Uncertainty to the wellbeing of the child parent is contacted to confirm whether they need to take further medical advice

Our procedure for notifying parents will be to use all telephone numbers available to contact them and leave a message should the parents not be contactable.

In the event that parents can not be contacted and a message has been left, our policy will be to continue to attempt to make contact with the parents every hour. In the interim, we will ensure that the qualified first aider, appointed person or another member of staff remains with the child until the parents can be contacted and arrive (as required).

In the event that the child requires hospital treatment and the parents can not be contacted prior to attendance, the qualified first aider/appointed person/another member of staff will accompany the child to hospital and remain with them until the parents can be contacted and arrive at the hospital.

<b>Out of hour and Trips</b>	
------------------------------	--

The first-aid arrangements for all school managed and organised after school activities (parent evenings, school fetes, and sports activities) are considered in this policy. On occasions where there may be the need for additional provision the school will carry out a needs assessment for that activity.

Where the school have arrangements to let/hire out buildings to external organisations there need to be arrangements in place to co-ordinate the first-aid arrangements with the hirer. This is managed by the Personnel and Finance Officer who will ensure that these arrangements are recorded in the lettings/hire agreement.

The first-aid arrangements for school organised trips/visit are included in the offsite visits risk assessments. These are reviewed for each trip/visit and the level of first-aid provision is reviewed to ensure adequate cover is provided for the trip/visit, and that sufficient cover is retained at the school to cover those who stay at school.

<b>Records</b>	
----------------	--

All accidents requiring first aid treatment are to be recorded with (at least) the following information:

- Name of injured person
- Name of the qualified/emergency/school/paediatric first aider or appointed person
- Date of the accident
- Type of accident (eg. bump on head etc)
- Treatment provided and action taken

## Appendix 1

The table below is HSE's general guide on how many first-aiders or appointed persons are needed. While it gives some direction on what level of provision may be suitable for a work place it does not consider site specific risks and needs.

Category of risk	Numbers employed at work	Guidance on number & type of first aid staff to be available on site at any time
<b>Lower Hazards</b> e.g. offices, shops, libraries	Less than 25	An appointed person
	25 – 50	At least one emergency first aider
	More than 50	One first aider for every 100 employed or part thereof.
<b>Higher hazards</b> e.g. light engineering, assembly work, food processing, warehousing, work with dangerous equipment or sharp instruments, construction, chemical manufacture	Fewer than 5	An appointed person
	5 – 50	At least one first aider (either an emergency first aider or first aider depending on the type of injuries that might occur)
	more than 50	One additional first aider for every 50 persons or part thereof

The second table gives examples of first aid cover that the HSE have put together to help give an indication on the numbers and types of training that schools may require. For offices, residential units and other locations the level of provision will be very different dependent on the risk.

	Secondary Sch – 1588 pupils / 150 staff		Primary Sch – 320 pupils / 26 staff	
First-aid personnel	Required Y/N	Number needed	Required Y/N	Number needed
<b>First-aider with first aid at work (FAW) Certificate</b>	Yes	At least 2 on duty at all times people are at work. However, because of the size of the site and number of pupils you may wish to increase that level of provision	No	0
<b>First-aider with an emergency first aid at work (EFAW) certificate</b>	No	0	Yes	At least 2 on duty at all times while people are at work.
<b>First-aider with additional training (specify)</b>	Yes	Indicates first-aiders should have training in anaphylaxis. May also be a requirement on the management of sports related injuries. May wish to consider AED training.	Yes	Indicates first-aiders should have training in major illness, paediatric first aid and anaphylaxis. Training can either be provided to existing EFA qualified staff or alternatively staff can be trained in paediatric first aid.
