TOGETHER WE LEARN, TOGETHER WE GROW

Early Years Policy

Statutory Policy

Approved By: **Governing Body**

Effective Date: **September 2025**

Review By: **September 2026**

Stay Safe,
Treat Others How You Wish to be Treated,
Try Your Best and be Proud

1 Purpose

- 1.1.1 Early childhood is the foundation on which children build the rest of their lives. At Springwood Infant School, we greatly value the important role that the Early Years Foundation Stage (EYFS) plays in laying secure foundations for future learning and development. It is important to view the EYFS as preparation for life and not simply preparation for the next stage of education.
- 1.1.2 The EYFS is for children from birth to five years of age. The final year of the EYFS is referred to as the reception year. All children begin school with a variety of experiences and learning.
- 1.1.3 It is the privilege of the practitioners working in Foundation Stage to take on the task of building upon that prior learning and experience. Foundation Stage team work effectively together to support children's learning and development.
- 1.1.4 This document outlines the philosophy, aims and principles of early years teaching and learning in the Foundation Stage (Year Reception (R)) at Springwood Infant School. The document underpins practice in all areas of provision.

2 Early Years Foundation Stage

- 2.1.1 “All children deserve the care and support they need to have the best start in life. Children learn and develop at a faster rate from birth to five years old than at any other time in their lives, so their experiences in early years have a major impact on their future life chances. A secure, safe, and happy childhood is important in its own right. Good parenting and high-quality early learning provide the foundation children need to fulfil their potential.
- 2.1.2 The EYFS sets the standards that all early years providers must meet to ensure that children learn and develop well and are kept healthy and safe. It promotes teaching and learning to ensure children’s ‘school readiness’ and gives children the right foundation for good future progress through school and life.
- 2.1.3 The EYFS is about what children learn, as well as how they learn. Effective practice is a mix of different approaches. Children learn through play, by adults modelling, by observing each other and through adult-guided learning. (Department for Education (DfE), 2025)
- 2.1.4 The EYFS is based upon four principles:
 - ✓ The Unique Child;
 - ✓ Positive Relationships;
 - ✓ Enabling Environments;
 - ✓ Learning and Development.

3 The Unique Child

- 3.1.1 At Springwood Infant School we recognise that every child is a competent learner who can be resilient, capable, confident and self-assured. We recognise that children develop in individual ways, at varying rates. Children's attitudes and dispositions to learning are influenced by feedback from others; we use praise and encouragement, as well as celebration and rewards, to encourage children to develop a positive attitude to learning.

4 Positive Relationships

- 4.1.1 At Springwood Infant School we recognise that children learn to be independent confident learners from secure relationships with their peers and adults. We aim to develop caring, respectful, professional relationships with the children and their families. Your child will be allocated a keyworker who may or may not be the class teacher and will spend time daily with them to build their confidence.

5 Enabling Environments

- 5.1.1 Additionally we believe that the environment plays a key role in supporting and extending the children's development. Through observation we assess the children's interests, stages of development and learning needs, before planning challenging, achievable activities and experiences to extend the children's learning.
- 5.1.2 We also plan and consider the Learning Environment. The Foundation Unit is organised to allow children to explore and learn securely and safely. There are areas where the children can be active, be quiet and rest. The unit is set up in learning areas, where children are able to find and locate equipment and resources independently.

6 Learning and Development

- 6.1.1 The early learning goals and the educational programmes are set out in the "Statutory Framework for the Early Years Foundation Stage" document (DFE, 2025).
- 6.1.2 The seven areas of learning and development are:

Prime:

- ✓ Communication and Language (CL);
- ✓ Physical Development (PD).
- ✓ Personal, Social and Emotional Development (PSED);

Specific:

- ✓ Literacy (L);
- ✓ Mathematics (M);
- ✓ Understanding the World (UW);
- ✓ Expressive Arts and Design (EAD).

6.1.3 At Springwood Infant School we believe that once the children are secure in the Prime areas of learning they will be prepared to access the specific areas.

6.1.4 However, all areas are important to ensure the development of the 'whole child'. We aim to deliver all the areas through planned, purposeful play, with a balance of adult-led and child-initiated activities. The balance of these activities changes as the year develops and children's concentration skills grow.

7 Observation, Assessment and Planning

7.1.1 Good planning is the key to making children's learning effective, exciting, varied and progressive. Effective learning builds on and extends what children know and can already do. Our planning shows how the principles of the EYFS are put into practice and is always informed by observations we have made of the children, in order to understand and consider their current interests, development and learning needs. All practitioners who work in the Foundation Stage at Springwood Infant School are involved in observations of the children's new learning.

7.1.2 The planning within the EYFS is based around the children's interests and development needs. These plans are used by the EYFS team as a guide for weekly planning; however they may alter these in response to the needs (achievements, next steps and interests) of the children.

- 7.1.3 We make regular assessments of children's learning and we use this information to ensure that future planning reflects identified needs. Teacher's and adults working in the EYFS environment use dialogue and professional judgement to assess children in EYFS.
- 7.1.4 These observations are used to inform the end of Foundation Stage assessment against the Early Learning Goals and the Characteristics of effective learning (Early Years Foundation Stage Profile, DfE 2025). Within the final term of the EYFS, we provide a written report against the Early Learning Goals to parents. The parents are given the opportunity to meet the Foundation Stage team at various points throughout the year for shared learning events. There are also two opportunities for parents to meet their child's class teachers on more formal occasions.
- 7.1.5 The Reception Baseline Assessment (RBA) is a short assessment, taken in the first six weeks in which a child starts reception (DfE, 2025)

8 Staffing and Organisation

- 8.1.1 At Springwood Infant School, we have two reception classes that can admit up to 30 children per class. Although the statutory ratio for EYFS at school age is 1:30, the EYFS classes at Springwood, have the equivalent of a full time Learning Support Assistant as well as a class teacher. The children have a classroom base but have a free-flowing environment which encourages the use of indoor and outdoor facilities. Both classrooms have access to outdoor learning throughout each day.

9 Learning through play

- 9.1.1 "Play is essential for children's development, building their confidence as they learn to explore, relate to others, set their own goals and solve problems. Children learn by leading their own play, and by taking part in play which is guided by adults." ("Early Years Foundation Stage", DfE, 2025).
- 9.1.2 At Springwood Infant School we support children's learning through planned play activities, and decide when child-initiated or adult-led play activities would provide the most effective learning opportunities. We believe that it is important for adults to support children's learning through play, by getting involved in the play themselves and modelling by example.

10 Induction to Reception

- 10.1.1 During the summer term, children who will be starting school in September are invited to a range of transition events including stay and plays, picnics and visits to their classroom.
- 10.1.2 To support the transition into Early Years 2025-26, parents will be given a pack with key information to support their child's transition.
- 10.1.3 Transfer records from pre-school settings inform Early Years practitioners about the new intake. We communicate with all nurseries and pre-schools to gain a greater understanding and knowledge of each child. For children with additional needs, our SENDCo and EYFS Lead liaises with external agencies and the parents to ensure all needs are met on arrival.
- 10.1.4 In the summer term, children are also visited in their home setting by two members of reception team. This is followed by a staggered intake usually splitting the children into two groups. This practice is reviewed each year to meet the needs of the cohorts and their families.
- 10.1.5 The aims of this transition are to:
- ✓ Allow the children to adjust and feel secure in their new environment;
 - ✓ Allow the practitioners to get to know the children individually and establish good relationships with both the children and their parents/carers;
 - ✓ Allow the reception teacher to carry out initial assessments.
- 10.1.6 Parent workshops are also held in the first weeks of the children's first term by the Foundation Stage Leader/Subject Leaders to introduce parents/guardians to the school and reception procedures. Through this meeting the school's expectations and routines are communicated as well as ways in which staff can help their child. Weekly year-group posters providing parents/guardians with updates on upcoming learning and events.

11 Reception to Year 1 Transition

- 11.1.1 Reception and Year 1 teachers have worked together to make the transition from the EYFS to Key Stage 1 as smooth as possible.
- 11.1.2 At Springwood Infant School:
- ✓ Children are encouraged to develop independence when dressing and undressing and when organising their personal belongings throughout the reception year.
 - ✓ Reception practitioners plan longer more structured activities to be undertaken during the summer term; encouraging less dependence on adult support.

- ✓ Reception children meet Year 1 teachers during assemblies and other whole school activities during the reception year.
- ✓ End of Year assessments against the Early Learning Goals and the characteristics of effective learning are shared and discussed.
- ✓ Reception and Year 1 teachers meet to discuss individual needs of children in July.
- ✓ Reception children engage in a supportive transition to start year 1. This includes multiple visits to their new environment and opportunities to meet new staff in the Early Years environment. This is in addition to the whole cluster transfer in July. Individual children may also benefit from additional visits or social stories.
- ✓ Well planned transition ensure that the learning environment in Year 1 is adapted to best meet the needs of individual children e.g. safe spaces.

11.1.3 Provision in Year 1 is made for those children who have been assessed as 'emerging' in one or more of the Early Learning Goals.

12 Home/School Links

- 12.1.1 We recognise that parents/guardians are the child's first and most enduring educators.
- 12.1.2 When parents/guardians and practitioners work together in early years settings, the results have a positive impact on the child's development. A successful partnership needs to be a two-way flow of information, knowledge and expertise.
- 12.1.3 We aim to develop this by:
- ✓ We hold further curriculum workshops to guide parents in supporting their child's learning at home.
 - ✓ Operating an "open door" policy, whereby parents/guardians can come and discuss concerns and developments in an informal manner.
 - ✓ Encouraging parents/guardians to listen to their child read each night.
 - ✓ Discussing children's individual targets with parents/guardians at least once a year during Parent Consultations.
 - ✓ Encouraging parents to participate in collaborative home learning linked to topics over the half term

13 Additional Supporting Information

This document is developed in conjunction with the Early Years Foundation Stage (EYFS) Statutory Framework (Department of Education) available at:
